Lars Oldekamp:

It's really getting better every time I race. I qualified ok, even though gap to first was still pretty big. The first start was horrible and then I wanted too much too quick. I crashed a couple of times and finally gave in. My second start was much better. The top guys passed me quickly, but the difference in speed wasn't that big anymore. I should have finished 5th but made a mistake that allowed Olsen to get by in the end. I'm positive that my speed will still improve until the final round in Höchstädt.
