**Dennis Schröter:**

*We've raced here last year as well, and even though I don't really like the track, I always seem to do good.*

*The first start was bad and I had problems with passing on the slippery and dusty track, but moto 2 and 3 went a lot better. 3<sup>rd</sup> overall is nice and I'm pretty happy with the way I rode. I had no arm - pump, and only Pichon, Leuret and myself were constantly doing lap - times under 2 minutes. I wish we had more races like that without the pressure of a championship.*
