Dennis Schröter:

Even though we came here prepared, I didn't really know what to expect. I was surprised by the speed the top guys were going right after the start. I decided to drop my original plan to take it easy and switched to MX race mode. I finished the first lap in the lead but after three laps I had massive arm-pump and had to reduce my speed again. Only after my pit stop I felt good again, found a good rhythm and worked my way up to 2nd place again. Unfortunately I had to do another unexpected fuel stop just before the end which cost me one position. That's sad but I must admit that I still had a lot of fun, and I will definitely ride some more of these races.
